John,
To a punk who better shut his mouth and keep his hands to himself. No, really you're a good friend with a funny mind. Good Luck in everything. Remember all the "fun". Oh well. But most of all Remember me your friend (oh my God!)
Brenda.

Depner, John

To a really funny kid I've known for I don't know how long. Always remember 'Snake', all the times you attacked Brenda in Literature class, and all the other good times we've had.
Always remember me, please
Jodi

Depner,
(Alias squirrel) Remember, how could you forget? Snake's class. All the hard assin' he did! Good luck in F.C.H.S. & wif girls?

Happiness is not perfected until it is shared.

I do not rear tomorrow. For I remember yesterday and love today.

Those can conquer who think they can.

Every man's work is a portrait of himself.

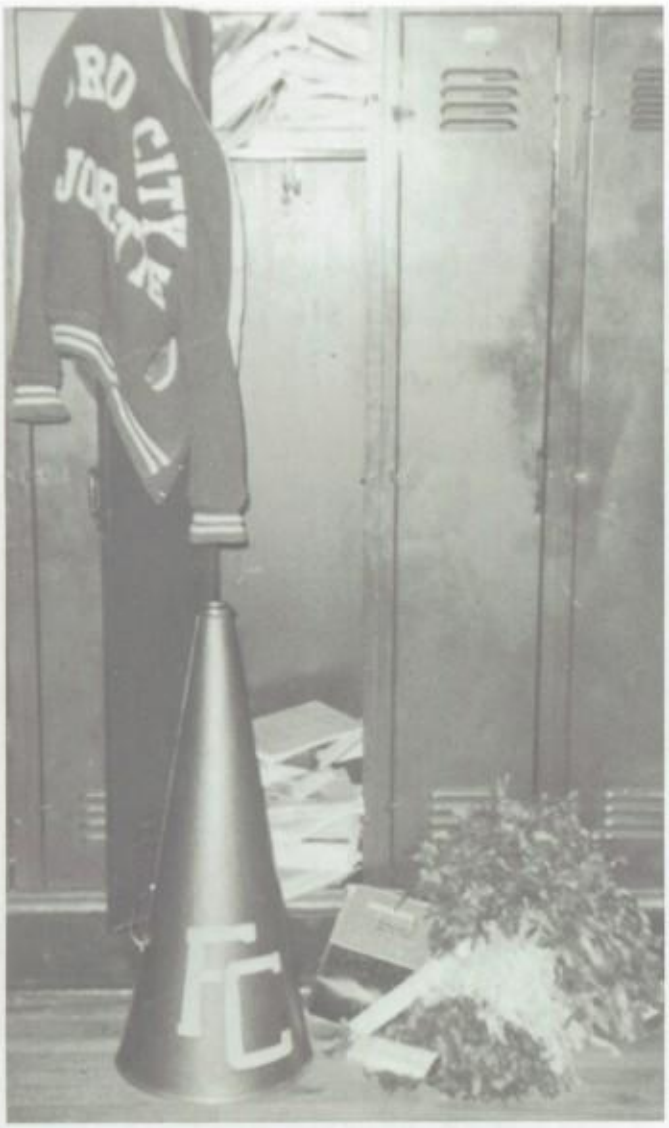
Laughter — it's contagious.

In friendship we find nothing false or insincere; everything is straight forward and springs from the heart.

Good times left behind — but always remembered.

A smile is worth a thousand more.

Count your life by smiles not tears; Count your age by friends not years.



Only remembered by what we have done.

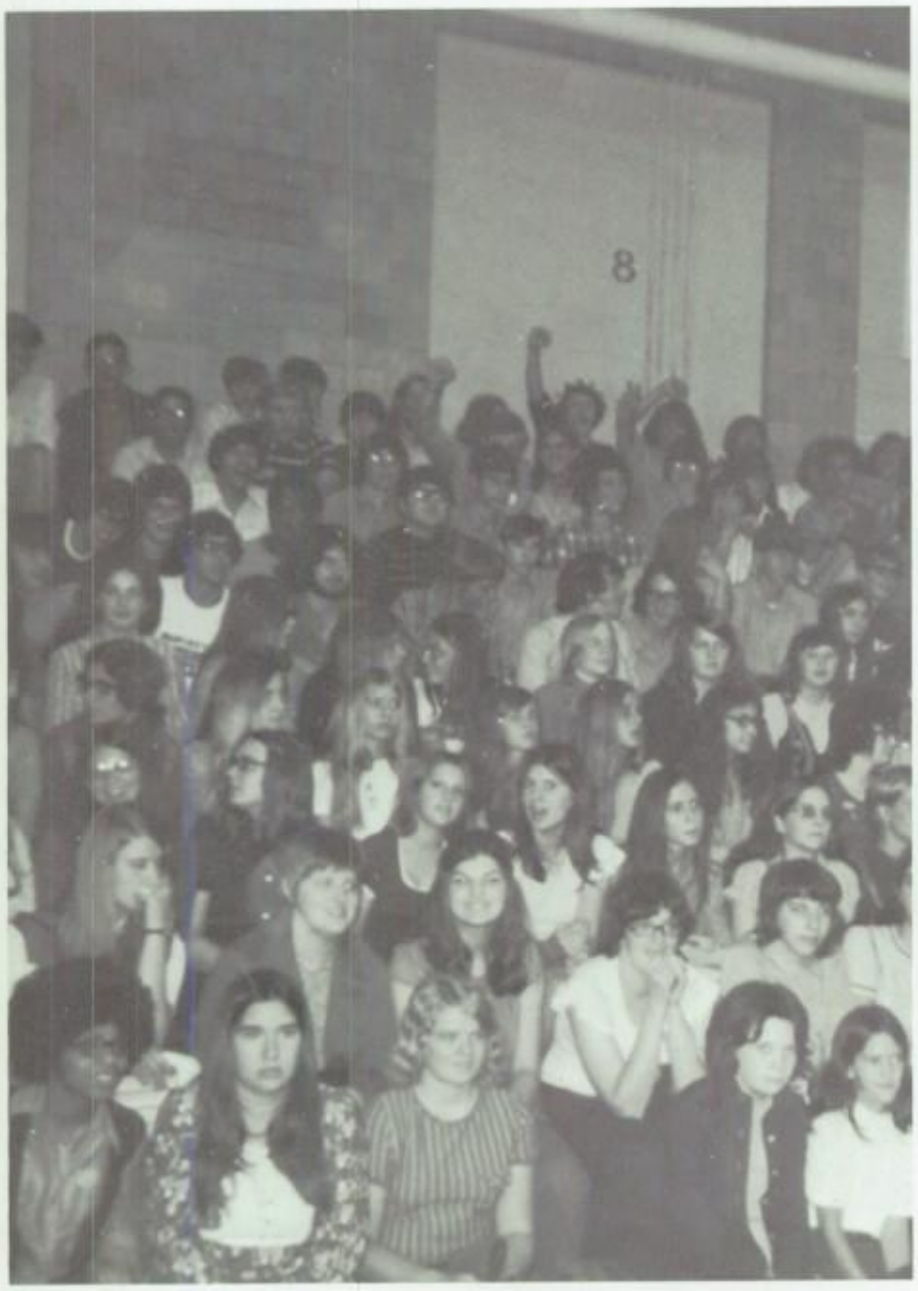
A friend is a present you give yourself.

All of us have lots of troubles — most of which never happen.

A time to share our joys.

Expressions — showing what's inward, outward.

Memories are such precious and imperishable things!



We may not know what the future holds, but we know who holds the future.

A smile costs nothing but creates much.

Friendships multiply joys and divide griefs.

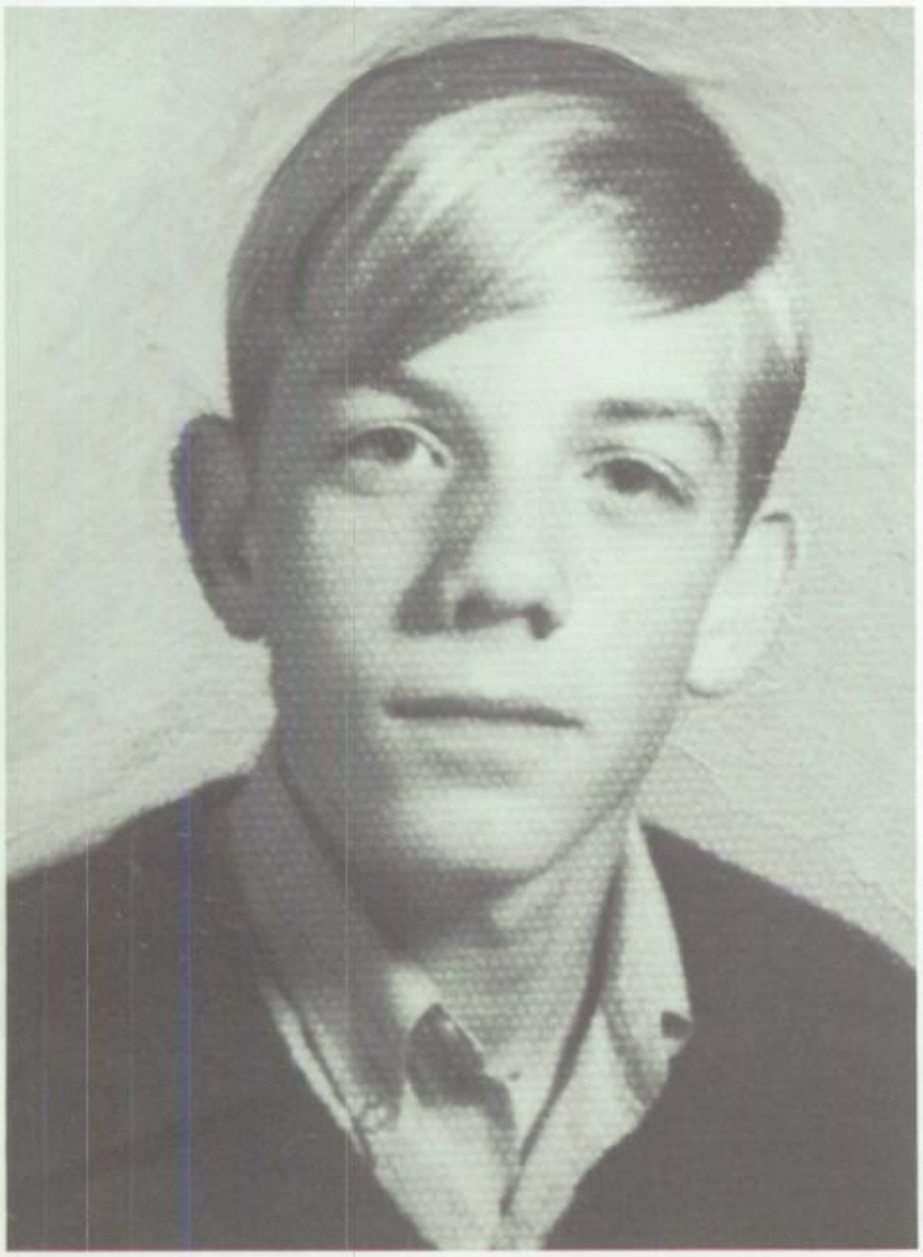
A thought alone is eternal.

My friend is not perfect nor am I — and so we suit each other admirably.

It is not flesh and blood, but the heart that makes men brothers.

Always remember to forget the things that made you sad . . .

. . . but never forget to remember the things that made you glad.



Peter Rossiter

Why some people die young
and others live to be a hundred
we can't say.
What happens happens
and we don't question God.
But for you, Peter,
who died so young,
we would like to say
That you died only in body;
in spirit you are still very much alive
in the hearts of those who loved you.

And often during the day
we pause for a moment
and remember you.
If only for awhile,
you gave us many little things,
and little things are the most important.
Everyday you gave us
warm smiles to feed on
and laughter to chase away our troubles.
We remember how you laughed,
no matter how difficult
a day might be,
and we're sorry that we realized
all too late
that often people laugh
to hide their sorrows.
But you were good and kind
and took pleasure in making
other people happy.
And so, Peter, we would like
to say
that anytime we see the sun
shining through the trees
or hear the crickets chirping softly
in the stillness of the night
We'll think of all the good things in life
And thank God for having known you.

DEDICATION . . .

This year the Senior Class of F.C.H.S. proudly dedicates our yearbook to a man who has contributed much to our class.

Through his efforts he has helped to unite and to accomplish those things that seemed impossible for us to attempt alone. To show that we believe that he is one person who cared enough to get involved — We, the class of 1973, wish to dedicate our yearbook to you — Mr. Fred Watson.

To the Class of 1973

Recently I read two very thought provoking articles related to education. One article raised the question that perhaps you have asked yourself on occasion, "What Are Schools For?" The other article was more dramatic in its title, "Have the Schools Failed Society?"

These two comments on education pose serious questions for schools today.

I like to think that the primary responsibility of the school is to prepare the student for a useful and profitable life. This should certainly be the major objective of education. Have the schools failed in this mission? I think not. The school curriculum is better and more relevant today than it has ever been. Buildings are designed to give greater flexibility and innovative possibilities for learning than ever before. Students and their parents are working with the professional staff to an ever greater degree in the planning and implementation of new approaches to learning. However, education should never be considered a gift; as one writer has stated, "it is a prize the learner himself must pursue."

On behalf of the Board of School Directors and the Administrative Staff of the Armstrong School District, I congratulate you on your graduation from high school. It is the sincere hope of all of those who have taught you that the education you have received will serve as the foundation for a rich and rewarding life.

Sincerely,
Richard Stottlemyer, Ed.D.
Superintendent
Armstrong School District

PRINCIPALS

Congratulations on your graduation from Ford City Junior-Senior High School. School experiences have shaped many facets of your life. Opportunities have been presented for you to learn, to develop, to evaluate and to grow in many ways.

During your school years, you have shown courage, enthusiasm, determination and sincerity. These attitudes are a must for a successful life. Without them, there can be no great writers, no great businessmen, no great teachers, no great scientists and no great nation.

We are proud of your academic achievement, your extra-curricular participation and your basic attitude while at Ford City Junior-Senior High School. Good Luck in achieving your chosen goals.

Walter Charley

The 1973 Senior Class is an industrious and hardworking class. The ambitions and goals you set here in the educational atmosphere should continue in your quest for a better and fuller life. The fond memories and friendships you have matured here in the school years should continue in your life. Best wishes to you in the years ahead.

JOHN HUDAK
PEGGY DAVIS

JOHN HUDAK

One of the Co-Captains of our football team who has received the John Hudak award, is also engaged in other activities such as President of Key Club, National Honor Society, and Varsity Lettermen's Club.

PEGGY DAVIS

As President of the Senior Class, Peggy has helped unite the Class of 73. She is also involved in other activities such as the Trireme staff, NHS, band, class plays, and treasurer of chorus.

OUR FOREIGN EXCHANGE STUDENT

松永秀

We are pleased this year to have Toshi Matsanaga as a member of our Senior class. Toshi is from Arita, Japan, and is staying with the Eugene Hoyet family. Toshi has been a great asset to our class. He participated in our Christmas Concert, singing a solo. He had a role in the Senior class play as "Jake." His many talents include running on the cross country team, playing the guitar and singing. He has made many friends here and will always be remembered as a welcome addition to our Class of 1973.

A SECRET WAS TOLD AT HALFTIME . . .

Under the sky of a rainy September evening, twelve lovely Senior girls and their escorts made their way along the side lines of our football field. At halftime, the secret was told — Miss Paula Morgenstern, escorted by Buddy Hutchison, was crowned our 1972 Homecoming Queen by football co-captain Dan Boylestien and was presented with roses by co-captain John Hudak.

"Silently waiting"

"Jamming???"

"Where is everyone?"

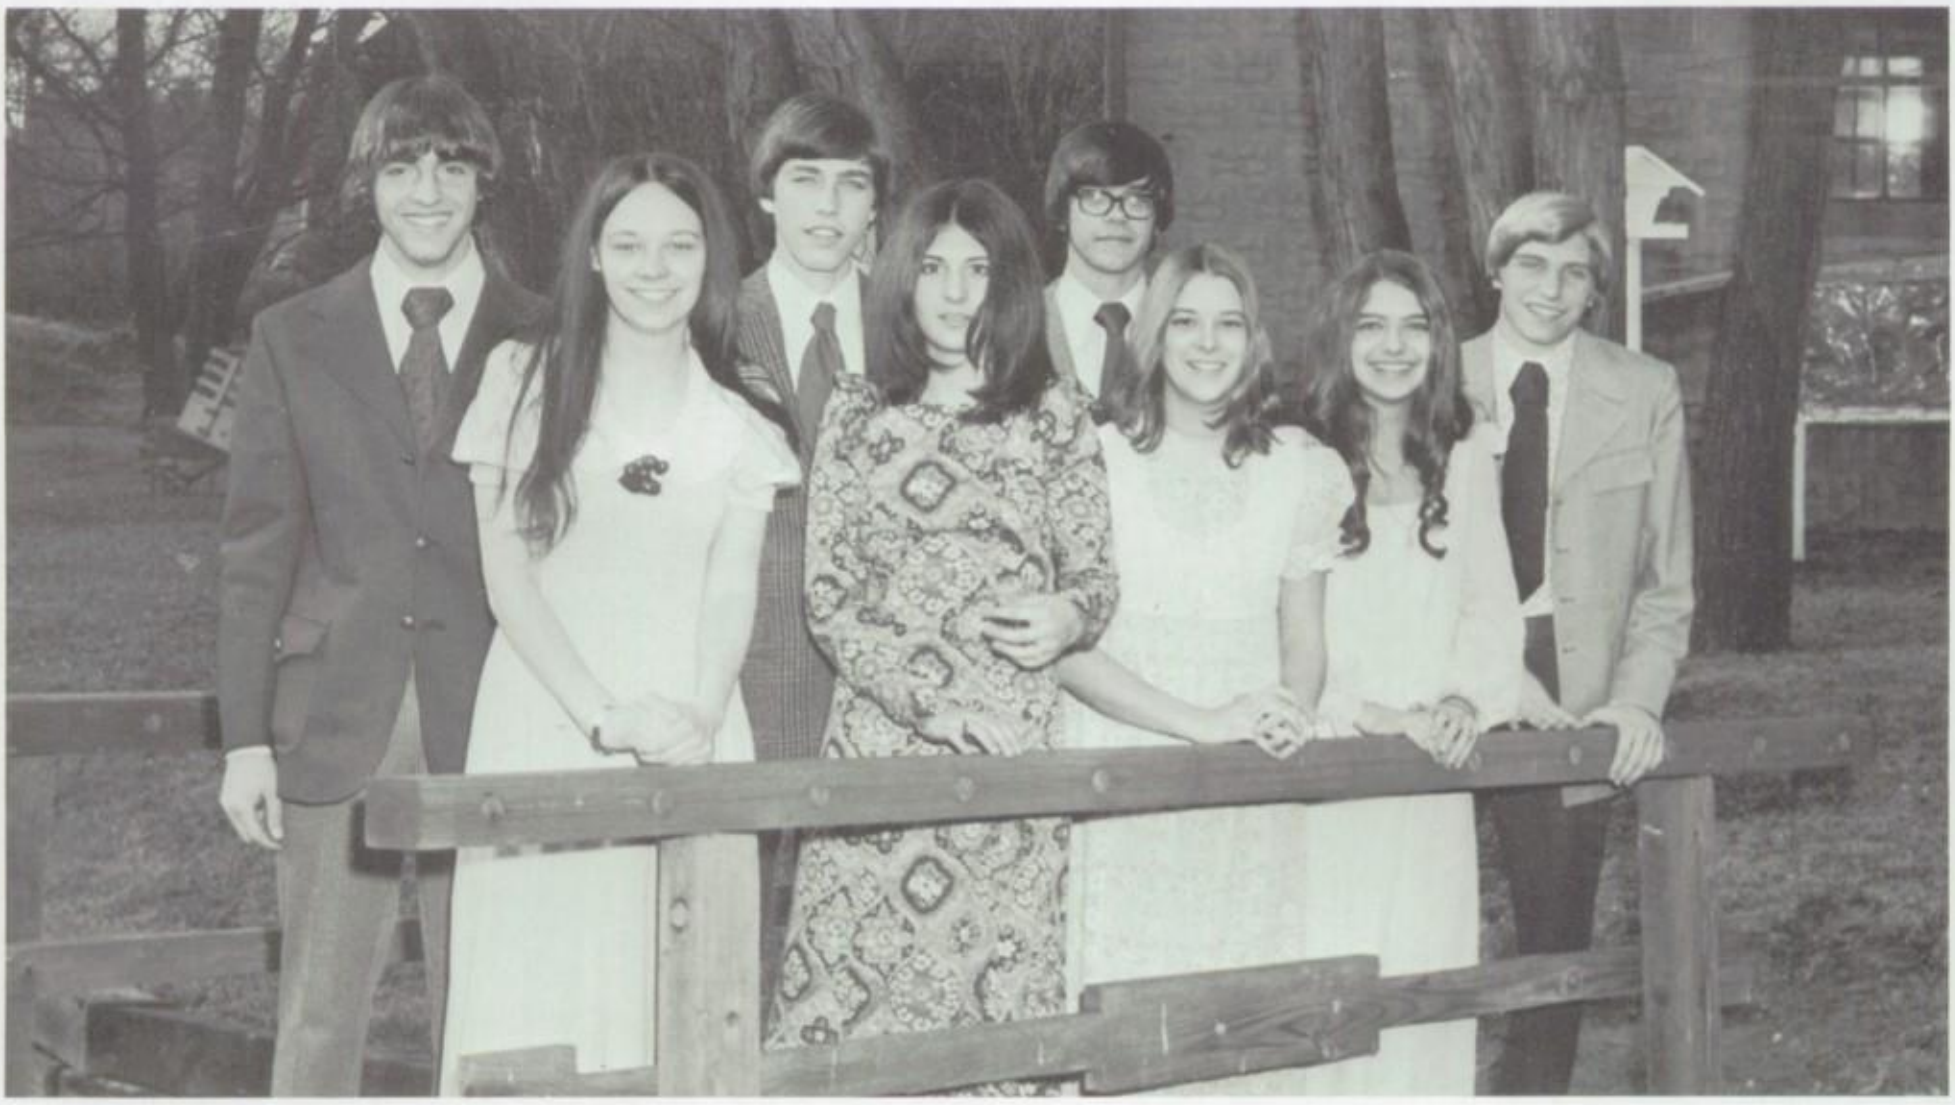
The 1972 Snowball entitled, "Fantasy and Frost," unrelated to previous Christmas dances, idealized a fantasy kingdom of romance and fun. A castle was constructed and effectively used as our band and court through the efforts of many enthusiastic students. The coronation of the King and Queen climaxed the evening, followed by the traditional removal of all decorations.

"They could have danced all night . . . "

"Merry Christmas Toshi!"

"Elijah"

1973 PROM COURT



On May 18th, 1973, under the direction of the Senior and Junior classes, the Prom was held in the F.C.H.S. GYM with the theme "Imagine." Decorated with the inventiveness and creativity of the students, the prom depicted a world of imagination and fantasy.

SLAVE DAY

On January 12, 1973 the Yearbook Staff sponsored a "Slave Day" as a means of raising funds for the 1972-1973 Trireme. The slaves, dressed in their wildly colorful costumes, humbly served their masters for another memorable day at Ford City High School.

SENIOR CLASS

FESTIVAL

On October 13 and 14 the Senior Class held the first festival ever held at F.C.H.S. A variety of concessions ranging from food stands to pick-a-number circled the playground. Much hard work was put into making our festival a success which brought the Class of "73" closer together, making us a "class."

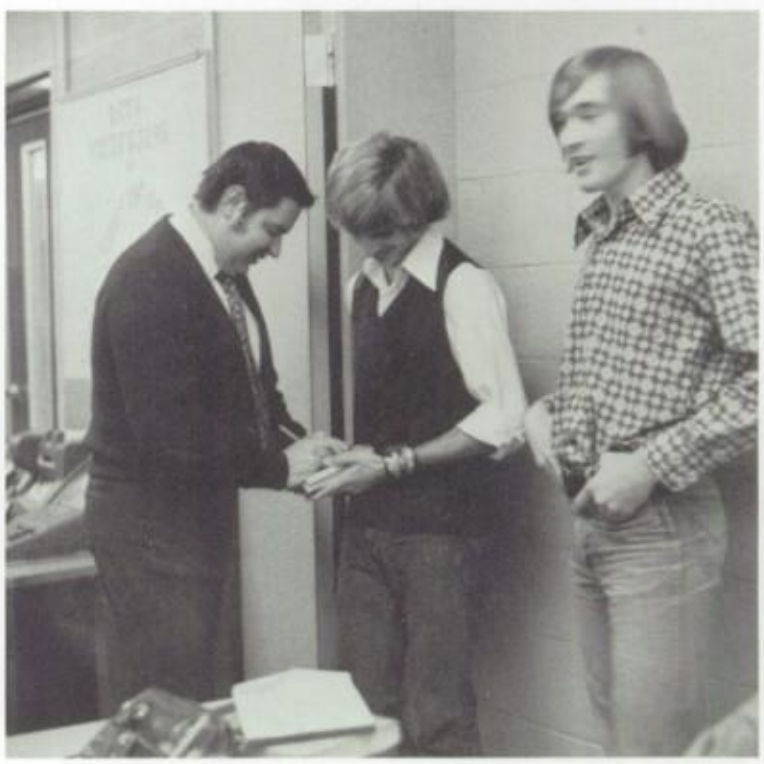
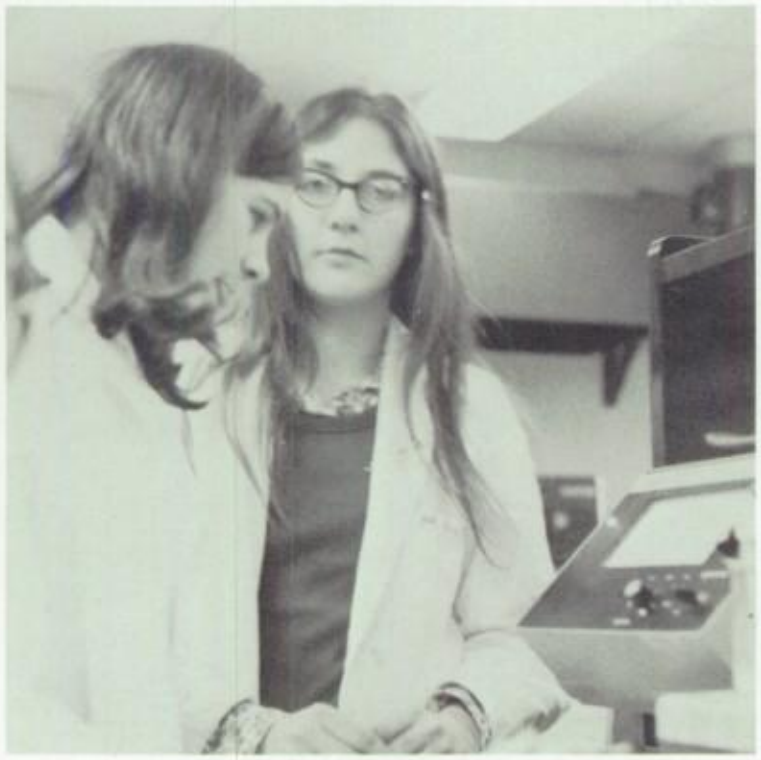
There are many reasons why students come to Lenape. Some come for a change of pace and for these students Lenape is definitely different. Most students come to Lenape to learn a trade and for these students Lenape can be a real experience. Many graduating students have their futures handed to them as a result of their two-year course. In such fields of study as Data Processing, Electronics, Auto and Machine Shops, the students can start work immediately following graduation.

Lenape is a valuable experience for students looking for a change of pace, and a head start into the future.

DATA PROCESSING

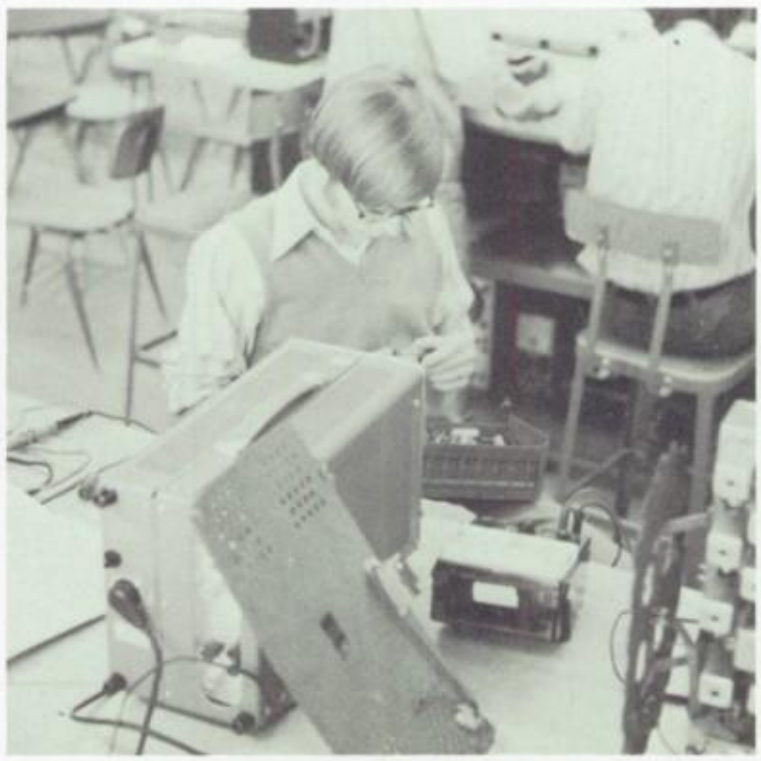
This is an up and coming field in the world today. In this course students learn the various computer languages and how to operate a computer and keypunch. Evaluating surveys and printing report cards are among the many projects students become involved with.





CHEMICAL TECHNOLOGY

This is the course for students wishing to go into a medical or scientific field. In this course students learn about chemicals and the causes and forces of nature. They also do some research work on conservation and pollution.



ELECTRONICS

This course is perfect for those who like to work with electrical equipment. This course teaches the various circuits and how electricity is transmitted. Students also work with testing equipment and learn how to repair it.

COSMETOLOGY

This course is made for the girl (or boy?) who is concerned with beauty care. The students learn about the body and facial characteristics by experimenting on each other. In their Senior year the girls are then allowed to work on outsiders.

MACHINE SHOP

This prepares the student to become an apprentice machinist. In this course accuracy is very important. Students learn how to set up and repair the machines they use.

DISTRIBUTIVE EDUCATION

This is for the student who wishes to go into the field of management. This course teaches students to run a cash register, the various ways to make a sale, and how to keep books.

AUTO SHOP

This course is for those students who like to work on cars, and learn the use of many tools and equipment involved in auto mechanics. The cars the students work on are supplied by local dealers and sometimes by the faculty and student body.

DRAFTING

This is a great course for someone with imagination and creativity. This course teaches students how to read blueprints, design houses, and do mechanical drawings. Students also do much of the sign work for Lenape in this course of study.

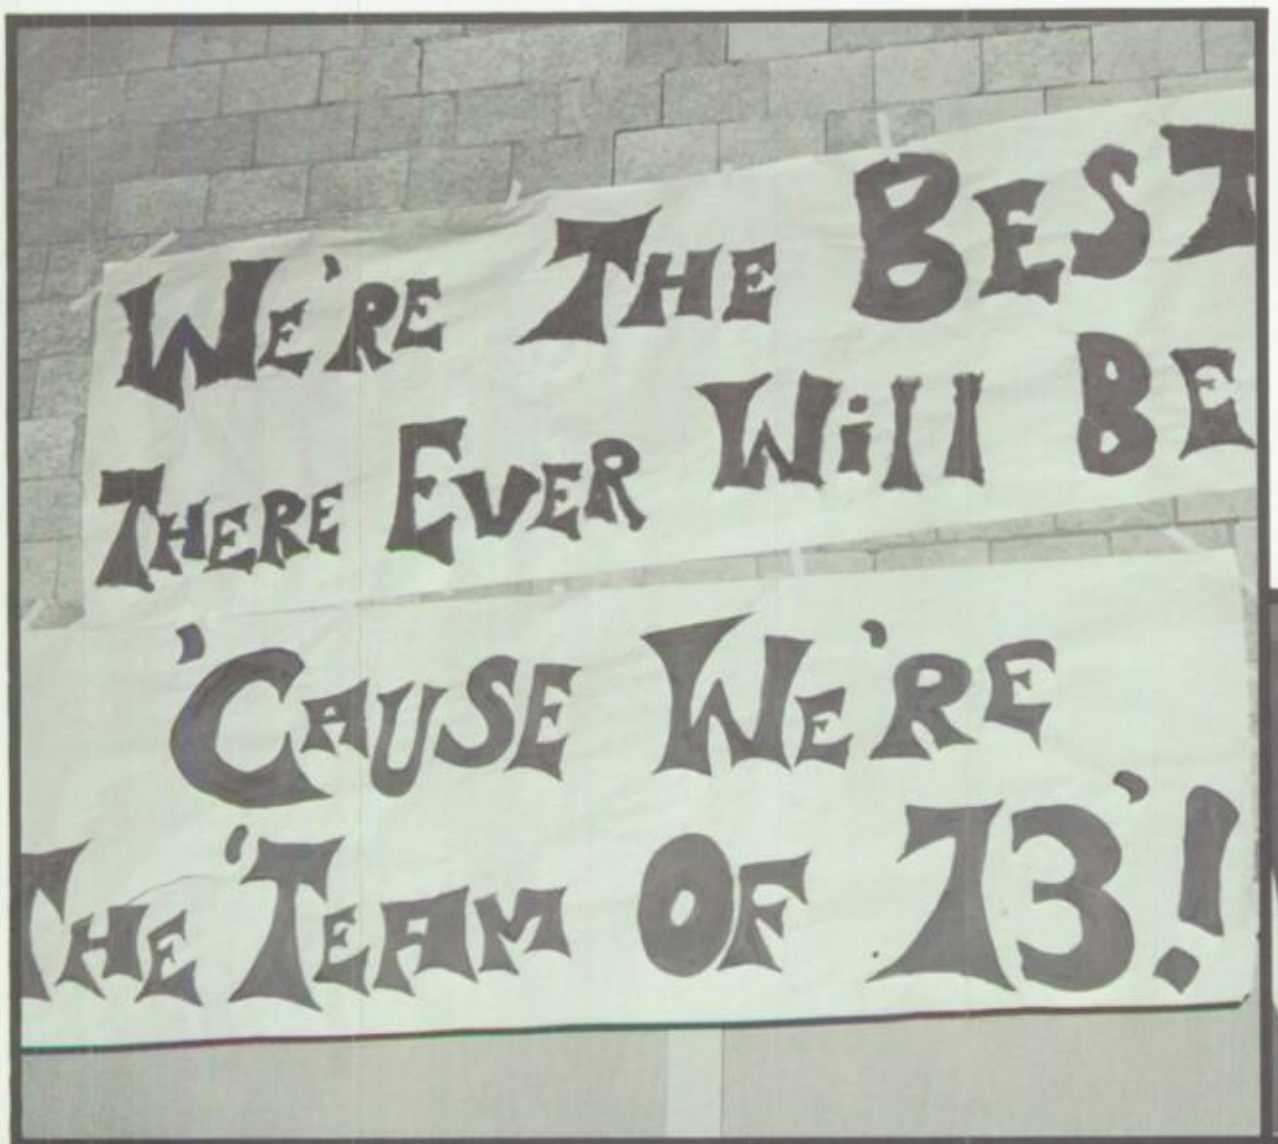
dull days of useless comings and goings,
false smiles,
slow wasted hours:
these blaspheme the soft spring breeze
that just now begins to blow
so much time to spare
that daydreams don't dare
to be enough for me
i need more:
things like no walls and narrow halls
or clocks and bells
to tell me when to go
but things that let me live as sunrays do:
dancing through the air
bound by no wall of warning words,
not bound by anything at all
except the darkness of the night
after the sun has gone . . .

Together . . . by ourselves . . . with others . . . we can make it happen. We learn to relate one to one, one to two, and one to many, and living begins to develop.

We are far more unique and individualistic than we are uniform and categorical. We do not dress alike, talk alike, play or study alike. Our interests are widening and our concerns are real.



WE'RE THE BEST
THERE EVER WILL BE
'CAUSE WE'RE
THE 'TEAM OF 13'!

"Now People" today are obviously different from those now people of days gone by. Concerns and issues have and will always vary, but a notable change in today's "Now People" can be seen in new areas of awareness.

We may dress in jeans and faded denim jackets with hair down to our shoulders or we may wear a dark colored sports coat and have a crew-cut but we recognize each other as individuals and we listen. We reach out to those who need us and respect those who protect us.

We're the "Now People" our world is looking for.

Depner,
To a cod, ignorate, intelligent punk.
Remember Bitts trips to Pitts. and 7th
period study hall. Have lots of fun
and Good Luck. 76' Beth

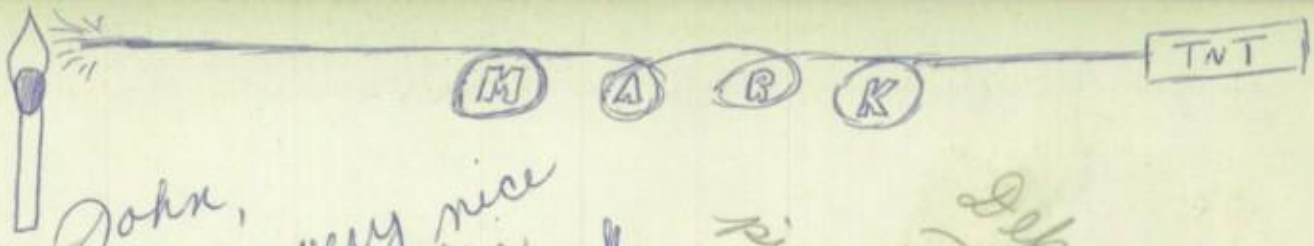
Together . . .



John,
To a very nice
guy I met this
year. Lots of luck
& stay high!
Pumbo
-'76'

Depner,
To a short, funny
kid, with a big, scary brother.
Never forget our great English
class, the time you wouldn't
help me during a test, Renee
Jacour, Bits Christmas present,
all the times you pick on Derek, how
smart I am in Algebra class, playing
cards, Mr. Mc Bryar, all the signs I make in
English about you and your sweety "Ruby,"
the times when you attded Brenda, writing on
each other in English, your brother after Mark,
our sub-stitute teacher for Bit, and we drove
her away, when Mrs. Gouis danced for us, her
records she brought in, Renee's stiffing!
and all the other things that's happened in R.C.H.S.
Good luck in the future (esp. with
Ruby) Remember me always, and
I'll always remember you as a
short, funny (brat)

Love,
Carleen

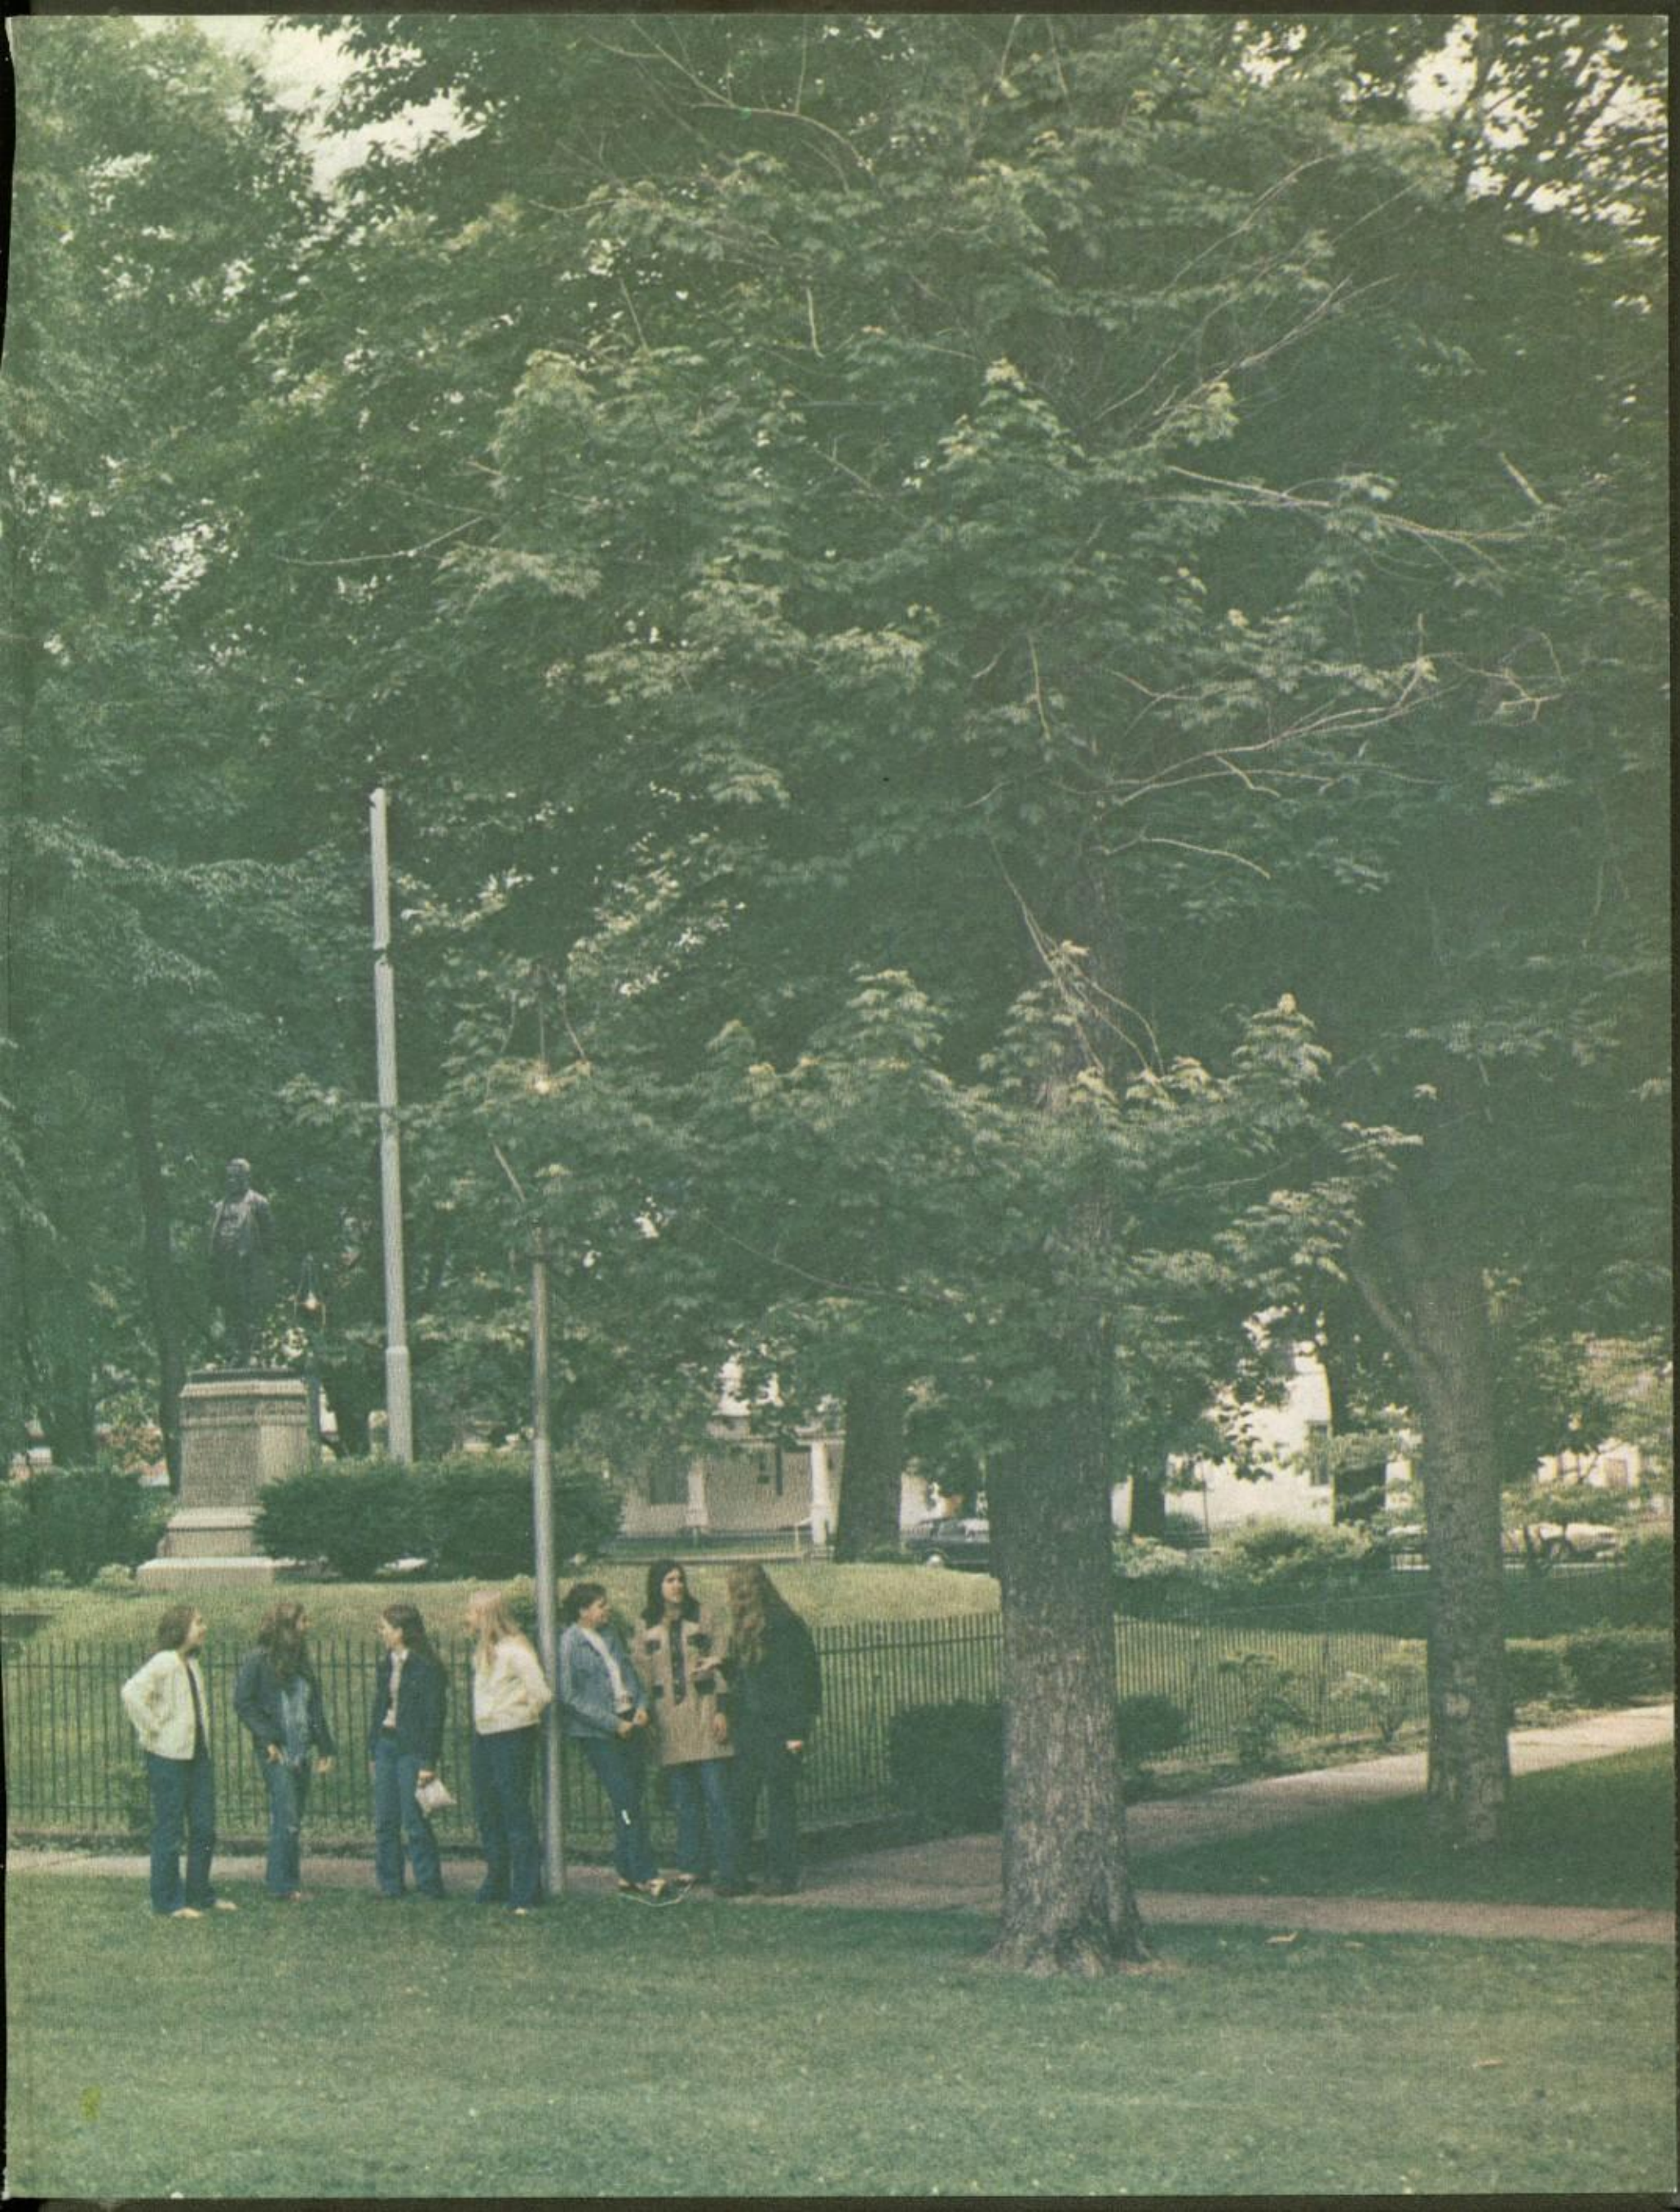
Depner,
To a kid who
picks on me all the
time. Never forget all the
times in Spanish class. Also
remember Bitts trips, "You
cool dude." "76" Ruby

John,
To a nice kid
I use to sit at lunch
with. Be Good (HA!)
P.S.
Always remember "Your friend
the funniest taste" Colleen

John,
To a really nutty
kid who has made
our Spanish classes
little less boring. Good luck
Back in the future
Stay as funny as you
And don't change
Pluto

John,
To a nice
kid who has made
our Spanish classes
little less boring. Good luck
Back in the future
Stay as funny as you
And don't change
Pluto

To John
A nice
always
money
Sally

John
I'm a little bugger that's
always being bad, to a
natural born brat, to bum
and to a very nice boy - bum


Peace Love and
Don't Forget
me
Dorpa
